

January 2007

College of William and Mary

Applied Research Center Student Newsletter

HAPPY BIRTHDAY
AMY!

Lab Visitors

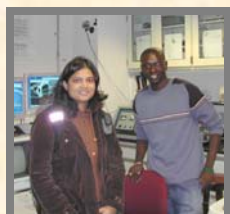

Megan Ivory, a graduate student at St. Vincent College, visits Jlab regularly. During her visits she uses our FTIR. On the left she is pictured with her adviser Gwinn Williams and Michael Klopff.

Amy, Natalie and Bernie conducted a lab tour and talked about our lab equipment and current research projects.

On the 17th of January the new WM Director of Economic Development and Corporate Affairs, Leonard Sledge visited our lab.

Pictured here are Kanda Tapily, an ODU graduate student and Pragma Rasni Sheeslha, a perspective ODU graduate student. They came to visit our lab on the 22nd of January.

ToF-SIMS MAINTENANCE

ToF-SIMS maintenance started on the 10th of January. The Physical Electronics techs who came were: Mo Teng, Field Service Engineer, Todd Bowman, ToF-SIMS Support Engineer and Dimitri Barbagh.

Virginia General Assembly Nanotechnology Day 2007

Bernadette Kulas, Amy Wilkerson, Ming Yao Zhu, Nimel Theodore and Dennis Manos were there during the day to answer questions about the current projects at WM
